

DIESEL OF THE YEAR 2018

On April 23th at 5 pm in the opening day of Intermat exhibition in Paris, in front of an audience composed by international press, institutional players and business operators, the editorial staff of DIESEL magazine awards **DEUTZ TCD9.0** as **“DIESEL of the Year 2018”**.

Established in 2006, the “DIESEL of the Year” award represents the most prestigious international recognition dedicated to industrial engines.

Evaluation standards are innovation, specific performances, power density, accomplishment of emissions rules, industrial applications.

Selection, analysis and final judgment are completely carried by DIESEL and DIESEL International magazine jury.

DIESEL magazine was born in 1986, since then, development, manufacturing and applications of diesel engines are the main themes of the magazine.

DIESEL International starts from 2013 and from 2019 will increase from 2 to 4 issues per year. Launched just before Intermat, www.diesel-international.com integrates and enhances the paper editions.

Why award the DEUTZ TCD9.0?

- It's a German pioneer in 9-liters displacement.
- A 4 cylinder in a range ruled by 6 and 5 cylinders.
- Depth and length reduction.
- The Deutz upgrade in the range above 200 kilowatts
